ABOUT OUR ORGANIZATION

It is the matter of great pride for all of us that D.A.V. organization has completed its 136 years with tremendous success. Mahatma Hansraj was the founder Principal of the first D.A.V. School and he gave his service for 25 years for D.A.V. organization on honorary basis. Now D.A.V. organization is running more than 1056 schools and colleges all over India and Abroad also. Most of D.A.V. School are affiliated to CBSE board and maintain the best quality Education thus giving responsible and plays and renowned role to the society. Towards the end of the 19th century India plays a renowned role in a social political framework. This led Maharishi Dayanand to form the Arya Samaj to reform the Indian Society intellectually, emotionally and spiritually with a call "Back to Vedas", he gave the guidance through the principles of the Arya Samaj, in which the foremost was necessary of education. To realize Maharishi Dayanand's dream, a group of enlightened, dedicated and devoted followers with a deep sense of self denial, founded the Dayanand Anglo Vedic College Trust and Management Society which was registered in 1886. The society founded its first D.A.V. School at Lahore in 1886 with Lala Hansraj (later known as Mahatma Hansraj) as the honourable headmaster.

FROM THE PRINCIPAL'S DESK

On assuming the office as Principal of the prestigious D.A.V. Public School, Behror, I convey my immense pleasure in getting an opportunity to work and fruitfully interact with all staff members, students and their parents. In recent years, the D.A.V. Public School, Behror has grown immensely in its size and stature.

I assure, to the best of my ability, for selfless contribution towards the noble cause of building up the institution for all round growth and development of children. To bring up the school comparably as per with other schools of repute, calls for wholehearted dedication on the part of students, staff members as well as everyone associated with the school. Let us therefore, remember that:

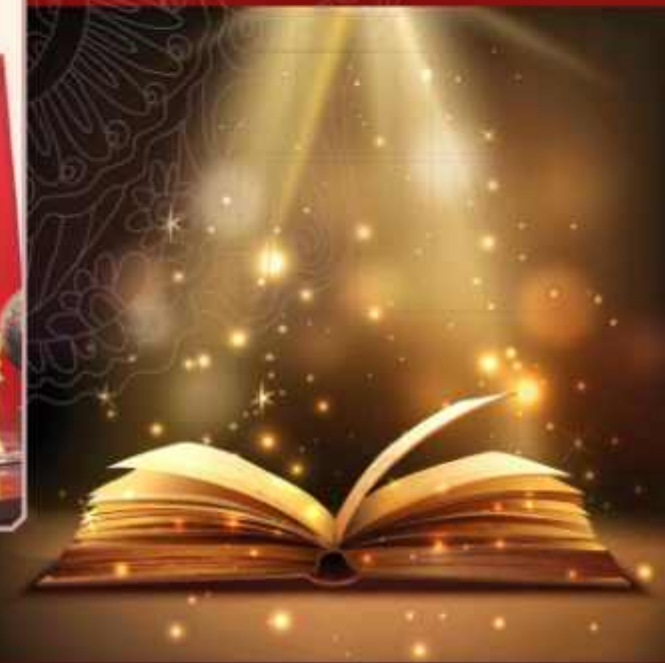

To educate a child means to develop his critical faculties his power of discrimination, his creative imagination, will power, elate with his management of human interaction, Education is a dynamic process as it entails progress - not only scientific, technological and economic but mental, physical and spiritual as well, developing the power of understanding and analysing. We are well aware that actions performed in the fullness of joy in the temple of learning, revealing the treasures of infinite depth of wisdom, illuminating the path and leading all those around to the threshold of their minds; lay the broader and truer foundation of education. Thus, in a true sense, education not only prepares for life but is life. The child of today is curious, aware and innovative, therefore it becomes obligatory for the school to respect and recognise his / her individuality and creativity. We here at D.A.V. endeavour to prepare students

Mr. Ramesh Prasad
Principal

to face the world with a positive and constructive attitude our aim is to create world citizens with a broad outlook by giving them not only the bookish knowledge but also facilitate real learning by first-hand experience by observation and by experimentation. Certainly, shaping the future of a child involves a close cooperation between teachers and parents.

Teachers at D.A.V. Public School have become helmsmen in this rough weather and carrying out the teaching learning process incessantly with their unceasing efforts. We have to compromise with the current nevertheless learning must not stop thus we have adopted the ideology, screen time is the need of the times.

***"The woods are lovely dark and deep,
But I have promised to keep,
And miles to go before I sleep,
And miles to go before I sleep"
So we Can Say That Education
is The Soul of Life!!***

ABOUT THE SCHOOL

Ever since its inception in 1995 the school has constantly been on the path of success, transforming young children into educated citizens of the country. Our basic endeavour is to impart a whole gamut of education. The aim is not only to educate the mind but to educate the soul as well. This is providing holistic education to our students. The school is spread over 2.78 acres. This is being done with the blessings of honourable The Padma Shri Dr. Punam Suri Ji (President of DAV CMC NEW DELHI) and his team of dedicated office bearers who have a progressive vision.

The D.A.V. Institutions soon got respect and reputation in the society and begin to be recognized for their high academic standards and value based education. We here produce good citizens for the nation and noble human beings for the society. We try and inculcate the habit to memorise the vedic mantra and the motto of Mahatma Hansraj "OM Vishwani Deva".
